COMPANY OVERVIEW

Building reliable digital foundations for a smarter and more connected future.

02

NexGrid Network Solutions is a leading technology solutions provider delivering reliable ICT infrastructure and security services for businesses across Qatar.

We help organizations build secure, scalable, and high-performance technology environments through professional design, implementation, integration, and ongoing support.

Our portfolio includes enterprise networking, structured cabling, fiber optic systems, wireless networking, CCTV surveillance, access control, server infrastructure, cloud solutions, cybersecurity, and managed IT support.

Every solution is tailored to meet each client's operational goals while emphasizing performance, reliability, and long-term value.

VISION

To become a trusted technology partner recognized for delivering innovative, secure, and future-ready ICT solutions.

MISSION

To empower businesses with dependable technology infrastructure that supports growth, operational efficiency, and digital transformation.

ENTERPRISE NETWORKING

Designing, building and managing high-performance networks that keep your business connected, secure and ready for the future.

OUR NETWORKING SERVICES

LAN / WAN SOLUTIONS

Reliable and scalable LAN/WAN networks that ensure smooth communication and productivity.

ROUTING & SWITCHING

High-performance routing and switching solutions for secure and efficient data flow.

NETWORK DESIGN & IMPLEMENTATION

Tailored network architecture designed for performance, redundancy and future expansion.

VPN & REMOTE CONNECTIVITY

Secure VPN solutions for remote offices and mobile workforce connectivity.

NETWORK SECURITY

Integrated security policies, segmentation and access control to protect your network.

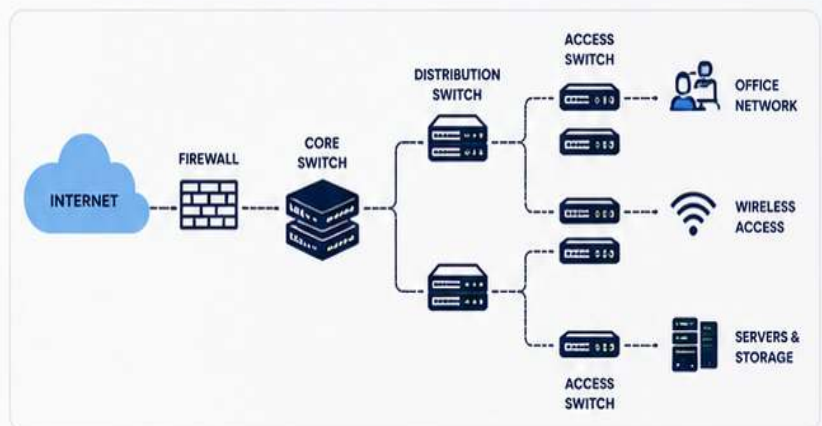

NETWORK MONITORING

Proactive monitoring and alerting to ensure maximum uptime and performance.

KEY CAPABILITIES

- ✓ Cisco, HPE, Mikrotik & Ubiquiti Solutions
- ✓ High Availability & Redundancy
- ✓ QoS, Traffic Management
- ✓ IPv4 / IPv6 Implementation
- ✓ Wireless & Wired Network Integration
- ✓ Network Audit & Assessment
- ✓ Scalable & Future-Ready Solutions
- ✓ 24/7 Network Support

BUSINESS BENEFITS

HIGH PERFORMANCE

Optimized networks for maximum speed and reliability.

ENHANCED SECURITY

Built-in security to protect your data and ensure business continuity.

SCALABILITY

Easily scale your network as your business grows.

COST EFFICIENCY

Efficient network design reduces downtime and operational costs.

RELIABLE SUPPORT

Expert support team available when you need us.

STRUCTURED CABLING & FIBER OPTICS

Future-ready cabling infrastructure designed for speed, reliability and seamless connectivity across your organization.

OUR CABLING SOLUTIONS

STRUCTURED CABLING SYSTEMS

High-performance copper cabling solutions using Cat6, Cat6A and Cat7 standards for voice, data and multimedia.

FIBER OPTIC SOLUTIONS

Single-mode and multi-mode fiber optic backbone solutions for high-speed and long-distance connectivity.

FUSION SPLICING

Precision fusion splicing for reliable and low-loss fiber optic connections.

TESTING & CERTIFICATION

Fluke certified testing and documentation for all copper and fiber installations.

CABLE MANAGEMENT

Neat, organized and labeled cable management for optimal performance and easy maintenance.

KEY FEATURES

HIGH PERFORMANCE

Supports high-speed applications and mission-critical operations.

RELIABLE CONNECTIVITY

Stable and consistent network performance with minimal downtime.

SCALABLE & FUTURE-PROOF

Easily scalable infrastructure to support future business growth.

STANDARDS COMPLIANT

Compliant with TIA/EIA, ISO/IEC and industry best practices.

COST EFFECTIVE

Long-term investment with lower operational costs.

FIBER TESTING & CERTIFICATION

OTDR TESTING

Advanced OTDR testing to ensure link quality and performance.

INSERTION LOSS TEST

Accurate measurement of insertion loss for optimal signal integrity.

RETURN LOSS TEST

Ensures network stability and high transmission quality.

CERTIFICATION REPORT

Detailed test reports provided for guaranteed performance and compliance.

BUSINESS BENEFITS

FASTER PERFORMANCE

Enable high-speed applications and seamless data flow.

MAXIMUM RELIABILITY

Dependable network infrastructure with minimum disruptions.

BUSINESS GROWTH

Scalable infrastructure to support expansion and innovation.

OPERATIONAL EFFICIENCY

Organized cabling reduces maintenance time and costs.

SECURE & COMPLIANT

Built to support security, compliance and industry standards.

ENTERPRISE WI-FI & CLOUD

High-performance wireless networks and cloud solutions that deliver seamless connectivity, collaboration and business agility.

OUR WI-FI & CLOUD SERVICES

WI-FI NETWORK DESIGN & DEPLOYMENT

Professional wireless design, AP placement, and deployment for maximum coverage, capacity and performance.

SITE SURVEY & HEAT MAPPING

Advanced RF site surveys and heat maps to ensure optimal coverage and minimal interference.

GUEST NETWORK & ACCESS CONTROL

Secure guest access, network segmentation and role-based authentication for safe and controlled connectivity.

CLOUD SOLUTIONS

Cloud migration, infrastructure, backup and hybrid cloud solutions to simplify operations and reduce costs.

MICROSOFT 365 SOLUTIONS

Microsoft 365 deployment, management and support to boost productivity and enable seamless collaboration.

VIRTUALIZATION

Server virtualization solutions that improve resource utilization, scalability and business continuity.

KEY FEATURES

SEAMLESS CONNECTIVITY

High-speed, stable Wi-Fi across your entire environment.

SECURE ACCESS

Advanced security, encryption and access control mechanisms.

CLOUD FLEXIBILITY

Scalable cloud solutions that grow with your business needs.

HIGH PERFORMANCE

Optimized network performance for business-critical applications.

COST OPTIMIZATION

Reduce IT costs with efficient infrastructure and cloud platforms.

CLOUD SOLUTIONS OVERVIEW

Cloud Migration
Seamless migration with minimal risk

Cloud Infrastructure
Scalable, secure and highly available

Cloud Backup
Automated backups and data protection

Disaster Recovery
Business continuity when you need it most

Hybrid Cloud
Best of both worlds for flexibility

Cloud Management
Monitoring, optimization and ongoing support

BUSINESS BENEFITS

INCREASED PRODUCTIVITY

Reliable Wi-Fi and cloud access improve collaboration and employee productivity.

SCALABILITY

Easily scale your network and cloud resources as your business grows.

BUSINESS CONTINUITY

Stay connected and protected with resilient cloud and network solutions.

OPERATIONAL EFFICIENCY

Automate, manage and optimize IT to focus on your core business.

SUSTAINABLE SOLUTIONS

Energy-efficient technologies that support your green IT initiatives.

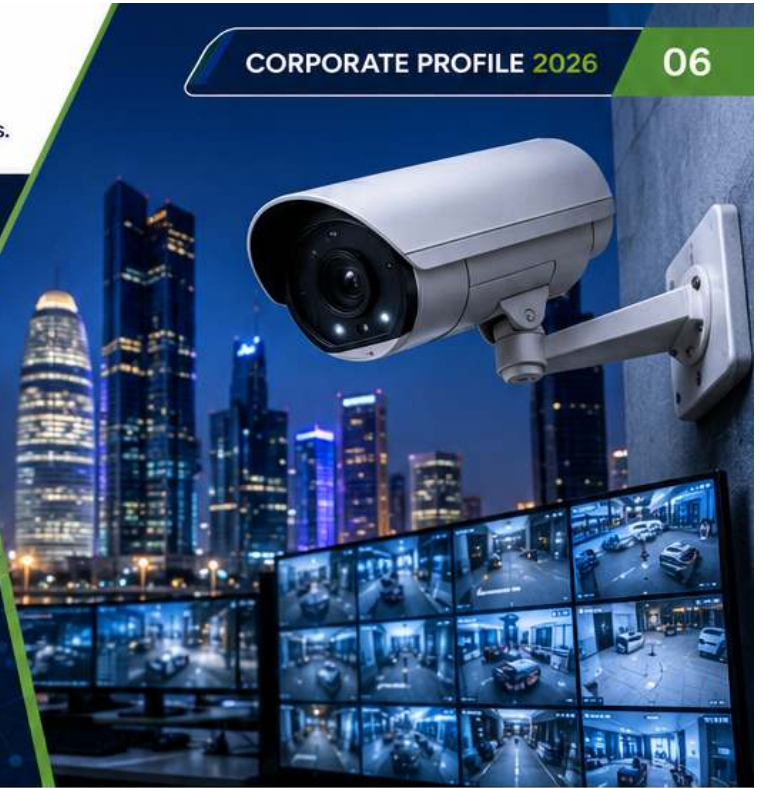

“From robust Wi-Fi to powerful cloud platforms, we deliver the connectivity and agility your business needs to thrive in the digital era.”

CCTV & VIDEO SURVEILLANCE

Advanced video surveillance solutions that protect people, property and assets with intelligent monitoring and real-time awareness.

OUR CCTV SOLUTIONS

CCTV SYSTEM DESIGN & CONSULTATION

Site assessment and customized CCTV design for optimal coverage and maximum security.

IP & ANALOG CAMERA SYSTEMS

High-definition IP and analog camera solutions with superior image quality and reliability.

NVR, DVR & STORAGE SOLUTIONS

High-performance recording solutions with large storage capacity and data protection.

REMOTE MONITORING

Real-time remote viewing on mobile devices and centralized monitoring platforms.

MAINTENANCE & SUPPORT

Regular maintenance, system health checks and 24/7 technical support.

VIDEO ANALYTICS

AI-powered analytics for face detection, motion detection, intrusion detection, people counting and more.

KEY FEATURES

HIGH DEFINITION IMAGING

Crystal clear video quality for accurate monitoring.

NIGHT VISION

Advanced low-light performance for 24/7 surveillance.

SMART ANALYTICS

Intelligent detection and alerts to reduce false alarms.

SECURE & RELIABLE

Encrypted data transmission and secure storage.

REMOTE ACCESS

View live and recorded footage anytime, anywhere.

TYPICAL APPLICATIONS

COMMERCIAL BUILDINGS

WAREHOUSES

RETAIL OUTLETS

PARKING AREAS

SCHOOLS & CAMPUSES

INDUSTRIAL FACILITIES

BUSINESS BENEFITS

ENHANCED SECURITY

Deter crime and protect people, assets and critical infrastructure.

REAL-TIME MONITORING

Live monitoring and instant alerts for quick response.

OPERATIONAL EFFICIENCY

Improve processes and reduce incidents with proactive monitoring.

EVIDENCE MANAGEMENT

High-quality recordings for investigation and compliance.

COST EFFECTIVE

Reduce losses and insurance costs with reliable surveillance.

Smart surveillance today ensures a safer and more secure tomorrow.

SCAN TO VIEW
OUR SOLUTIONS

SERVER & IT INFRASTRUCTURE SOLUTIONS

Reliable, scalable and secure IT infrastructure solutions that power your business operations and drive long-term success.

OUR INFRASTRUCTURE SERVICES

SERVER PROCUREMENT & DEPLOYMENT

Supply, installation and configuration of physical and virtual servers from leading global brands.

STORAGE SOLUTIONS

High-performance storage systems with redundancy, backup and disaster recovery capabilities.

VIRTUALIZATION SOLUTIONS

VMware, Hyper-V and Proxmox virtualization solutions to maximize resource utilization and efficiency.

DATA CENTER SOLUTIONS

Design and implementation of data center infrastructure for performance, scalability and reliability.

BACKUP & DISASTER RECOVERY

Reliable data protection and recovery solutions to ensure business continuity in any situation.

SYSTEM INTEGRATION

Seamless integration of hardware, software and network components for a unified IT environment.

IT MAINTENANCE & SUPPORT

Proactive maintenance, monitoring and 24/7 support to keep your systems running at peak performance.

KEY CAPABILITIES

HIGH PERFORMANCE

Optimized infrastructure for maximum speed, uptime and efficiency.

SECURE & RELIABLE

Enterprise-grade security and redundancy you can trust.

SCALABLE

Flexible solutions that grow with your business needs.

EASY MANAGEMENT

Centralized management and monitoring for simplified IT operations.

COST EFFECTIVE

Optimized investments with lower operational costs and higher ROI.

OUR SOLUTION APPROACH

01 ASSESS

We analyze your current environment and identify key requirements.

02 DESIGN

We design a customized infrastructure solution aligned with your business goals.

03 IMPLEMENT

We deploy and configure the solution with minimal disruption to your operations.

04 OPTIMIZE

We fine-tune and optimize performance for maximum efficiency.

05 SUPPORT

We provide ongoing support and monitoring to ensure long-term reliability.

TECHNOLOGY PARTNERS

BUSINESS BENEFITS

MAXIMUM UPTIME

Reliable infrastructure with redundancy ensures your business never stops.

IMPROVED PRODUCTIVITY

High-performance systems enable your team to work faster and smarter.

DATA SECURITY

Protect your critical data with advanced security and backup solutions.

REDUCED COSTS

Optimize resources and reduce downtime for significant cost savings.

FUTURE READY

Scalable infrastructure that adapts to new technologies and business growth.

NETWORK SECURITY SOLUTIONS

Comprehensive security solutions designed to protect your network, data and users from evolving cyber threats.

OUR NETWORK SECURITY SERVICES

- 
FIREWALL SOLUTIONS
 Next-generation firewall solutions to monitor and control network traffic and block unauthorized access.
- 
INTRUSION DETECTION & PREVENTION
 Real-time threat detection and prevention to stop malicious activities and intrusions.
- 
VPN & REMOTE ACCESS SECURITY
 Secure remote connectivity for your workforce with encrypted VPN solutions.
- 
EMAIL & WEB SECURITY
 Advanced protection against phishing, malware, spam and malicious web content.
- 
NETWORK ACCESS CONTROL (NAC)
 Control and secure access to your network based on user identity and device posture.
- 
SECURITY AUDIT & ASSESSMENT
 Identify vulnerabilities and risks with detailed security assessments and compliance checks.
- 
ENDPOINT PROTECTION
 Protect endpoints and devices from ransomware, malware and zero-day threats.

KEY FEATURES

- | | | | | |
|--|--|---|---|--|
| 
THREAT PROTECTION
Protect against known and unknown threats with advanced intelligence. | 
REAL-TIME MONITORING
24/7 monitoring and alerts for instant response and incident mitigation. | 
IDENTITY & ACCESS MANAGEMENT
Ensure the right users have the right access at the right time. | 
DATA PROTECTION
Encrypt, monitor and secure your critical data across the network. | 
COMPLIANCE READY
Solutions aligned with industry standards and regulations. |

UNIFIED COMMUNICATIONS SOLUTIONS

Seamless communication and collaboration solutions that keep your teams connected, productive and efficient – anywhere, anytime.

OUR UNIFIED COMMUNICATIONS SERVICES

IP TELEPHONY SOLUTIONS

Feature-rich IP phone systems that reduce costs and enhance communication.

VIDEO CONFERENCING

High-quality video conferencing solutions for meetings, webinars and collaborations.

INSTANT MESSAGING & PRESENCE

Real-time messaging, presence and collaboration to boost team productivity.

EMAIL & CALENDAR INTEGRATION

Integrated email, contacts and calendaring for seamless communication.

MOBILE & REMOTE ACCESS

Stay connected on any device, from anywhere with secure remote access.

CONTACT CENTER SOLUTIONS

Improve customer experience with intelligent call routing, IVR and analytics.

CLOUD COMMUNICATIONS

Scalable cloud communication solutions for flexibility and business continuity.

ANALYTICS & REPORTING

Actionable insights and reports to optimize communication and performance.

KEY BENEFITS

IMPROVED COLLABORATION

Enable real-time communication and teamwork.

REDUCED COSTS

Lower operational costs with unified platforms.

ANYTIME, ANYWHERE

Stay connected across devices and locations.

SECURE & RELIABLE

Enterprise-grade security and high availability.

ENHANCED PRODUCTIVITY

Streamlined communication boosts efficiency.

OUR SOLUTION ECOSYSTEM

BUSINESS IMPACT

BETTER CUSTOMER EXPERIENCE

Deliver faster and smarter responses.

AGILE WORKFORCE

Empower teams to work remotely and collaborate easily.

SCALABLE & FUTURE-READY

Solutions that grow with your business.

BUSINESS CONTINUITY

Ensure uninterrupted communication in any situation.

ONE PLATFORM, ENDLESS POSSIBILITIES

All your communication needs on a single, unified platform.

“Effective communication drives stronger teams, better decisions and greater success.”

MANAGED IT SERVICES & SUPPORT

Proactive support and managed services that ensure your IT infrastructure runs smoothly, securely and efficiently 24/7/365.

OUR MANAGED IT SERVICES

24/7 MONITORING & SUPPORT

Round-the-clock monitoring and technical support to minimize downtime and resolve issues fast.

SYSTEM MANAGEMENT

Proactive management of servers, networks, applications and endpoints for optimal performance.

SECURITY MANAGEMENT

Continuous threat monitoring, patch management and security updates to protect your business.

BACKUP & DISASTER RECOVERY

Automated backups and disaster recovery solutions to ensure business continuity when it matters most.

HELPDESK SUPPORT

Friendly and expertise helpdesk support for your team, whenever you need it.

ASSET MANAGEMENT

Track and manage your IT assets throughout their lifecycle with detailed insights and reporting.

IT CONSULTING

Expert advice and strategic planning to align your IT with your business goals and growth.

KEY BENEFITS

MAXIMUM UPTIME

Proactive monitoring and maintenance reduce downtime and disruptions.

ENHANCED SECURITY

Stay protected with updated systems, patches and advanced threat detection.

COST EFFICIENCY

Reduce IT costs with predictable pricing and optimized resources.

FOCUS ON BUSINESS

We handle your IT, so you can focus on what you do best – growing your business.

CLOUD SOLUTIONS

POWERFUL. FLEXIBLE. SCALABLE.

Secure, agile and cost-effective cloud solutions designed to accelerate your business and drive innovation.

SECURE
Enterprise-grade security to protect your data in the cloud.

SCALABLE
Scale resources seamlessly as your business grows.

COST-EFFECTIVE
Pay for what you use and optimize your IT spending.

HIGH PERFORMANCE
Optimized infrastructure for speed, reliability and maximum uptime.

OUR CLOUD SOLUTIONS

CLOUD MIGRATION
Seamless migration of your workloads and data to the cloud with zero business disruption.

INFRASTRUCTURE AS A SERVICE (IAAS)
Scalable virtual servers, storage, networks and resources on-demand.

PLATFORM AS A SERVICE (PAAS)
Build, test and deploy applications faster with our managed platforms.

SOFTWARE AS A SERVICE (SAAS)
Access enterprise-grade applications anytime, anywhere, on any device.

CLOUD BACKUP & DR
Automated backup and disaster recovery solutions to keep your business running.

CLOUD SECURITY
Advanced security, compliance and threat protection for your cloud environment.

CLOUD MANAGEMENT
24/7 monitoring, performance optimization and cost management.

HYBRID & MULTI-CLOUD
Leverage the power of multiple clouds with a unified management approach.

KEY BENEFITS

FLEXIBILITY

Adapt quickly to changing business needs.

FASTER TIME TO MARKET

Innovate and deploy solutions faster with cloud agility.

BUSINESS CONTINUITY

Ensure high availability and minimize downtime with resilient solutions.

COST OPTIMIZATION

Reduce infrastructure costs and improve resource efficiency.
